VetLogic End of Life

IMPROMED®

End of Life for Vetlogic

VetLogic was a method to transmit and receive digital information. This method has been replaced with a new solution and, to reduce the load on the server and Internet usage, it is best to uninstall VetLogic.

Uninstall VetLogic

1. On the Server, open VetLogic and **stop** the service then close VetLogic.

2. Go to the **Control Panel > Programs and Features**.

3. Locate and click on the VetLogic service to highlight it.

4. Right-click and select **uninstall**.
