

# ImproMed Equine Release Notes Version 19.10.1

## What's New

Several streamlined actions are now available to ensure you and your team save time! Please see full details below.

- ▶ **Accounts Receivable** Reviewing the Accounts Receivable aging details may be up to 80% faster.
- ▶ **Credit Card Processing** Credit card signatures will be stored in a smaller size to keep the database size manageable.  
  
The first transaction for WorldPay was updated to perform up to 90% faster.
- ▶ **EasyTime** Viewing appointments in EasyTime Day View may be up to 80% faster.
- ▶ **Employees** The Update Concluded Invoice option on the Employee Commission Schedule defaults to an adjustable date range instead of updating all concluded invoices.
- ▶ **Images** Images added to ImproMed Equine will be stored externally in the Global Share directory as compressed files to keep the database size manageable.
- ▶ **ImproMed Desktop Messenger** Duplicate signatures stored by integrated Credit Card Processors are purged from the database to keep the database size more manageable.  
  
Existing images will be exported from the ImproMed Equine database to the Global Share directory to make the database size more manageable.  
  
Maintenance Plans have been updated to provide smarter indexing so database performance improves.
- ▶ **Medical Record Forms** Using Medical Records forms may be up to 70% faster when opening and saving forms.
- ▶ **Message Center** The Message Center module may be up to 60% faster when loading the module and switching between other modules to Message Center.
- ▶ **Mobile Edition** Patient images will be saved outside of the database with Mobile using the Global Share directory. Syncing options determine if they are transferred or left on the mobile unit.
- ▶ **Searching Clients/Patients** Find Clients/Patients up to 45% faster using the Quick Search or Find.

# ImroMed Equine Release Notes Version 19.10.1

## What's New

Newly formed company: Henry Schein Veterinary Solutions is now Covetrus Global Software Services.
